**REACH-EU-Regulation 1907/2006
Confirmation for SEMIKRON products**

Dear Ladies and Gentlemen,

Under the REACH Regulation structure, SEMIKRON is a manufacturer and supplier of "articles" to our EU customers through several SEMIKRON entities located within the EU. We do not manufacture or supply "substances" or "preparations" and our articles do not involve the "intentional release of substances". Consequently, we foresee no obligation to register any articles produced or delivered by SEMIKRON.

Following products contain substances (SVHC), which are listed on the list of candidates of the ECHA:

- Adhesive tape for "sawn on frame" chip delivery, may include the following SVHC substance:

Bis(2-ethylhexyl)phthalate (DEHP)

- EC/ List no.: 204-211-0
- CAS-No.:117-81-7

4-Nonylphenol

- EC/ List no.: 284-325-5
- CAS-No.: 84852-15-3

Chips themselves do not contain DEHP or 4-Nonylphenol.

- SEMIPACK 1, SEMIPACK 2, SEMIPACK 4, DISCRETES, LPR, BRIDGES, SEMICELL may contain

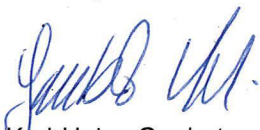

Lead

- EC/ List no.: 231-100-4
- CAS-No.: 7439-92-1

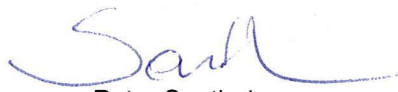

Even though our suppliers are liable to inform actively about SVHC substances >0.1 weight percent in their products delivered to SEMIKRON, we regularly ask our suppliers by inquiry campaigns.

As soon we get any information from our suppliers about SVHC substances, which are relevant in SEMIKRON products, we will update this statement.

Best regards,

Karl-Heinz Gaubatz
CEO/CTO

Peter Sontheimer
