REACH Candidate Lis Substances of very high concern (SVHC)

Dear Madam and Sirs,

Thank you for your inquiry about REACH.

The company Dr. D. Müller GmbH deals with products that are mainly purchased from European suppliers and in some cases from non-European suppliers.

According to the REACH regulation, we are not subject to any registration requirement. The main reason is because our products are released from any chemical substances under normal or reasonably foreseeable conditions of use.

It means that the products you purchase from us, are not products registered in the sense of the REACH regulation.

The information contained in our products which may require any chemical substances registration should therefore only be registered by our suppliers.

1. Pre-registration and registration

In their own interest and in the pursue of a high security supply, we follow the implementation of REACH and the resulting demands. We have already started the contact with the European suppliers for our wide range of distributed products that are available and sold in large quantities.

For this point, we were already signaled by many of our suppliers, that a pre-registration and subsequent registration of the relevant substances is carried out / should be carried out.

2. Duty to communicate information on substances under the Article 33 of the REACH Regulation.

According to the article 33 of the REACH Regulation, we are in contact with our suppliers who must inform us in case certain substances of very high concern are included over 0.1 mass percent in the products. This refers to substances that are listed in the so-called "candidate list" (see Article 59 of the REACH Regulation).

If we receive such information from our suppliers, we are obligated to pass it on to you immediately. Our non-European suppliers must certified by writing that the products purchased from us are -
If you have any further questions concerning the implementation of the REACH regulation in our company, we are always at your disposal.

Sincerely yours
Dr. D. Müller GmbH

i. A. Jörg Warfelmann
